About Jupiter International Limited:

Jupiter is a pure-play company in the solar industry with focus on providing integrated solar power solutions with a commitment to quality and efficiency. We are pioneers in the solar industry and entered the space in 2008. Our advanced facilities in Baddi, Himachal Pradesh, India produces high-efficiency solar photovoltaic cells. The facilities operate at an 800 MW capacity and include a 500 MW Mono PERC solar cell unit. Our EPC solutions division, established in 2018, has successfully completed 42 MW of projects across India. We are growing rapidly and are on track to fulfil our goal to support the transition to sustainable energy with upcoming integrated solar cell and solar module manufacturing facilities in Bhubaneswar, Odisha. The facilities are in advanced stages with commissioning planned in 2025 and have a cumulative solar cell and solar module production capacity of 4 GW and 2.8 GW respectively.
