

Jupiter International Secures MSEDCL Order Worth ₹108 Crore for Solar Pumps

National, July 07, 2026: Jupiter International Limited, one of India's leading renewable energy companies, has received a Letter of Empanelment (LoE) from the Maharashtra State Electricity Distribution Company Limited (MSEDCL) for the supply of 5,000 solar-powered agricultural pumps under the state's solar irrigation programme worth 108 Cr.

The repeated order from MSEDCL reaffirms Jupiter's strong execution capabilities and growing presence in Maharashtra's solar pump market. The order further strengthens Jupiter's position as a trusted partner in supporting the country's efforts to expand clean energy access in the agricultural sector, and reflects the company's continued focus on delivering reliable, high-quality solar pumping solutions for farmers. The company has been steadily expanding its footprint in the solar pump segment alongside its core business of manufacturing high-efficiency solar cells.

"Receiving consecutive orders from MSEDCL is a strong endorsement of Jupiter's execution capabilities and the confidence our customers place in our products and delivery standards. We remain committed to supporting India's agricultural solarisation efforts through reliable, high-quality solar pumping solutions while continuing to strengthen our presence in this important growth segment," said Mr. Akash Garodia, Executive Director, Jupiter International Limited.

This further reinforces Jupiter's long-term strategy of expanding its renewable energy portfolio and supporting India's transition towards sustainable and decentralised clean energy solutions.

About Jupiter:

Jupiter International Limited is one of the largest manufacturers of photovoltaic solar cells and a provider of comprehensive solar power solutions and. has become a key player in the solar industry, recognized for its advanced technology, local manufacturing expertise, and commitment to quality.
